Speedwell Weather wins Environmental Finance Award for seventh consecutive year

December 12th, 2014, HARPENDEN, Herts, UK– Speedwell Weather, the market leading weather data and forecast provider, has for the seventh consecutive year won Environmental Finance’s award for best Advisory/Data Service.

Speedwell Weather’s CEO, Stephen Doherty said: ‘We are tremendously proud to have won this award for the seventh time and would like to say a big thank you to all of our customers. At Speedwell we are constantly striving to innovate and expand our customer offerings and 2014 has been no different.’

‘Over the past twelve months we have grown our SuperPack® data product coverage to 15,000 in the primary archive and over 100,000 in the total archive. We have expanded our range of delivery methods data delivery methods to include API and Zema delivery released a new Commodity Product that provides data and forecast information for a wide range of different commodities and continued to our work in a number of weather risk transactions as settlement data provider..’

‘In short it has been a landmark year for Speedwell and this award is fantastic recognition from our customers that our hard work continues to pay off.’
