

For SuperPack® licensees, Standard Site Settlement Data ("SSSD") is provided for no additional charge. These feeds do not require formal negotiation of specific Settlement Data contracts - the method used to generate Settlement Data under this service is defined in in the [Standard Site Settlement Data Specification](#).

Neither Settlement Certificates nor Email Notifications are provided as standard under this service but may be requested for an additional administration charge. SSSD does not include the provision of feeds to counterparties. The maximum hedge term is 1 year.

The list of Standard Sites is shown below and is subject to periodic updates.

ID	Town	WMO	WBAN	COOPID	Country	State	Continent
